Offer Valid Feb 1st - 28th.

The GRM250 GLASS ROBOT

is an easy-to-operate manual glass manipulator. Three (3) heavy-duty vacuum cups to lift glass panels and glass windows up to 550 LB. Steady lifting, tilting, and side-to-side shifting allow you to easily position large glass panels.

The GT1 + GT2 MANUAL GLASS TROLLEY

is a very easy piece of equipment to operate, and has smart features built in for added safety like the *Lockable Carriage* which acts as a 2nd break when moving a heavy load. It also prevents free-movement during transportation.

The Patented *Silent Winch* makes lowering and raising heavy objects an easy task, and the 16" wheels are solid and sturdy.

JOB SITE 8

Job Site 8 is a North American distributor serving both the United States and Canada. The number 8 is widely regarded as a lucky number around the globe. If you look at the number, you'll realize it's lines never break, therefore representing infinity. Much like the *lucky number 8*, we wish to represent infinity; continue to serve our customers across the United States and Canada.
